Instructions for Making Work Activities Ratings

These questions are about work activities. A work activity is a set of similar actions that are performed together in many different jobs. You will be asked about a series of different work activities and how they relate to workers in the occupation. As an occupation expert, first consider the different work activities performed by workers in the occupation. Then, with this information in mind, please answer each question as if you were performing work that is typical of the occupation.

Each activity in this questionnaire is named and defined.

For example:

Getting Information

Observing, receiving, and otherwise obtaining information from all relevant sources.

You are then asked to answer two questions about that activity:

A *How important is the activity to the occupation?*

For example:

How important is GETTING INFORMATION to the performance of the occupation?

Mark your answer by putting an X through the number that represents your answer.
Do not mark on the line between the numbers.

B *What level of the activity is needed to perform the occupation?*
